

We support the Sustainable Development Goals

Find diverse opportunities in Vietnam's water sector in our digital SDG Booster!

Meet partners and present your services to all participants free-of-charge on our virtual platform. The event will build business partnerships between Finnish and Vietnamese water sector companies especially in the areas of:

- Waste Water Treatment
- Managed Aquifer Recharge
- Smart Water Solutions.

The event is on the 23rd of November, at 9:00 - 12:00 Finnish time / 14:00 - 17:00 Vietnamese time. The event will be organized in English.
